11 PROGRAM GUIDELINES

11.1 U7/U9 Program

- .1 Through guidelines established by Hockey Canada, these programs will emphasize the following area:
 - a) **Fun:** The participant must enjoy the activity and the process of learning new and challenging skills. By placing an emphasis on fun, rather than on winning, it is the Association's belief that the players will come to a greater enjoyment for the sport of ice hockey.
 - b) **Athletic and Skill Development:** In a carefully structured and fun environment, the Association will educate our beginners in the importance of athleticism and good sportsmanship.
 - c) **Positive Environment:** Through a caring and personal approach, the Association wishes to provide each player with a safe and positive environment. A positive environment will aid in achieving one of the Association ultimate goals, to foster good life skills.
- .2 The U7 and U9 programs are divided into Balanced Skill Level:
 - a) U7: players 5 or 6 years of age before December 31.
 - b) U9: players 7 or 8 years of age before December 31.
- .3 Skill level will be the determining Factor in Balancing Teams.
- .4 Player Movement:
 - a) In general, movement between age division (up or down) is not encouraged, except for players who are in their first year of organized ice hockey.
 - b) Reasons are not only based on a player's skill level but also on the attitude and maturity of the player.
 - c) The Association encourages players to participate within their peer group as much as possible.
 - d) Players may be moved to a different level as player numbers and skill level are taken into consideration.
 - e) At no time will "lobbying" to move divisions be accepted.

- f) Should a parent or player disagree with their placement, a formal request **MUST** be made in writing to the President for review from the Board. If approved, the President must then make an application to the PCAHA President’s “C” League “Overage Committee” for their approval.
- g) Movement of players will not occur without the approval from all involved in the process.

- .6 Please be aware that the Association operates under the rules and regulations of PCAHA, which mandates the requirement to “balance” teams within each age group. As such, evaluation sessions will be conducted, and teams will be formed based on a balancing formula determined by the appropriate Team Selection Committee of the particular age group. Coaches will be assigned to teams which will include their child (where applicable). There will be no “lobbying” for particular players to play together and there should be no expectation that groups of players are kept together on a team except under extenuating circumstances. This approach ensures fairness for all players and broadens every family’s ice hockey experience.

Currently placed U18 players must be aware that returning players may displace other players in the Rep Program up to and including October 31.

b) **Does the player have to attend all evaluation sessions?**

Answer: While 100% attendance is expected, the AFHA Board reserves the right to make special consideration on extenuating circumstances. Players not attending due to special circumstances (injury, U18AAA camps, family issues, etc.) should contact the AFHA Board Member responsible for Rep “A” hockey in advance.

c) **What happens if the player gets injured during Rep Tryouts?**

Also, each team will levy Team Fees, which will cover any additional practice ice times, conditioning or dryland training, tournaments, travel/accommodation costs for the paid coaches. This additional cost is collected directly from the player’s parents/guardians and administered by the Team Manager.

By registering for Rep “A” hockey, members are committing to paying all costs related to playing Rep “A” hockey and also acknowledging they understand that they are not able to carry an outstanding balance at any time.

Out of respect for all participants, any vacation time scheduled during the hockey season and all other activity commitments (sports/clubs/lessons) should be addressed with the coaching staff **PRIOR** to the formation of the team. g) **How far do I have to travel to play Rep “A” hockey?**

20 CODE OF CONDUCT POLICIES

20.1 *Coach’s Code of Conduct*

- .1 Remember that a child does not care how much you know until the child knows how much you care.
- .2 Be a positive role model for the players.
- .3 Winning is a consideration, but not the most important one. Care more about the child than winning the game. Remember, players are involved in ice hockey for fun.
- .4 Model emotional maturity.
- .5 Be alert to the physical safety of players.
- .6 Be generous with your praise when it is deserved.
- .7 Be fair and just, do not criticize players publicly.
- .8 Teach good sportsmanship, respect for parents, opponents, and on-ice officials.
- .9 Be patient and understanding, be “upbeat” and encourage fun.
- .10 Familiarize yourself with the rules, techniques, and strategies of ice hockey.
- .11 Be an effective communicator, do not yell at the players or on-ice officials.
- .12 Recognize your influence on players and be honest and consistent.
- .13 Teach the importance and value of teamwork.
- .14 Emphasize the development of the fundamental skills of ice hockey.
- .15 Adjust to personal needs and problems of players.
- .16 Maintain open lines of communication with your players’ parents/guardians. Explain the goals and objectives of the Association.
- .17 Never verbally or physically abuse a player or on-ice official.
- .18 When conversing with your players, or in the event that an official wishes to converse with

you, be conscious of your position on the bench. Do not carry on a conversation where you are “towering” over the individual so that there is an intimidation aspect to your actions. This would include standing on the bench with your foot on top of the boards. This posture may incur a bench minor penalty. Eye-level is best.

- .19 Give all players the opportunity to improve their skills, gain confidence, and develop self esteem.
- .20 Organize practices to be fun and challenging for your players.
- .21 Be concerned with the overall development of your players. Stress good health habits and clean living.
- .22 Never use profanity around players, parents, or officials.

20.2 *Player’s Code of Conduct*

- .1 Play for the fun of it, not just to please your parents or the coach.
- .2 Respect your coach, your teammates, your opponents, and on-ice officials.
- .3 Play by the rules.
- .4 Never argue with the on-ice official’s decision. Let your team captain or coach ask any necessary questions.
- .5 Control your temper. No mouthing off, breaking sticks, or throwing equipment.
- .6 Work equally hard for yourself and your team. Your team’s performance will benefit and so will you.
- .7 Be a good sport. Cheer all good plays, whether your team or your opponents.
- .8 Treat all players as you would like to be treated. Do not interfere with, bully, or take unfair advantage of any player.
- .9 Remember that the goals of the game are to have fun, improve your skills, and feel good. Don’t be a show-off or always try to get the most points or penalties.
- .10 Cooperate with your coach, teammates, and opponents, because without them you would not have a game.

20.3 *Parent’s Code of Conduct*

- .1 Encourage, do not force an unwilling child to participate in sports.
- .2 Remember children are involved in organized sports for their enjoyment, not yours.
- .3 Insist that your child always play by the rules.
- .4 Realize the importance of practice in developing your child’s necessary ice hockey skills.
- .5 Never determine the worth of your child by whether the team won or lost a competition. Teach your child that honest effort is as important as victory so that the result to each game is accepted without undue disappointment.
- .6 Be positive and encouraging to your child. Turn defeat into victory by helping your child work towards skill improvement and good sportsmanship, never yell at your child for making a mistake.
- .7 Remember that children learn best by example. Applaud good plays by your team and by members of the opposing team.
